

Are you going?

121

for thirty nifty fingers at a piano

John Pitts
Bristol 1997

$\text{♩} = 102$

The first system of the musical score consists of three staves. The top staff is in treble clef, the middle in alto clef, and the bottom in bass clef. The time signature is 2/4. The music begins with a forte (*f*) dynamic. The top staff features a melodic line with frequent triplets and slurs. The middle and bottom staves provide harmonic support with chords and bass lines, also containing triplets and slurs.

The second system of the musical score consists of three staves. It begins with a circled number 7. A box labeled 'A' is placed above the first measure of the top staff. The music continues with complex textures, including slurs and triplets. The dynamic changes to piano (*p*) in the middle of the system. The bottom staff features a prominent rhythmic pattern of eighth notes.

The third system of the musical score consists of three staves. It begins with a circled number 12. The top staff contains rests for the first two measures, followed by a section marked 'V.S.' in a box. The middle and bottom staves feature a complex rhythmic pattern of eighth notes, with a piano (*p*) dynamic marking. The bottom staff includes slurs and accents over the notes.

16

(F)

p

Musical score for measures 16-18. Measure 16 starts with a circled '16'. Measure 17 has a circled '(F)'. The score consists of three systems: Treble, Middle, and Bass. Dynamics include piano (*p*) and accents.

19

f

p

Musical score for measures 19-21. Measure 19 starts with a circled '19'. Measure 20 has a circled '(p)'. Measure 21 has a circled '(p)'. The score consists of three systems: Treble, Middle, and Bass. Dynamics include forte (*f*) and piano (*p*).

22

f

p

Musical score for measures 22-24. Measure 22 starts with a circled '22'. Measure 23 has a circled '(p)'. Measure 24 has a circled '(p)'. The score consists of three systems: Treble, Middle, and Bass. Dynamics include forte (*f*) and piano (*p*).

25

Musical score for measures 25-27. The score is written for piano and consists of three systems. The first system (measures 25-27) features a treble clef with a melodic line and a bass clef with a rhythmic accompaniment. The second system (measures 28-30) continues the melodic and accompaniment lines. The third system (measures 31-33) concludes the section with a final melodic phrase and accompaniment. The key signature has one sharp (F#) and the time signature is 4/4.

28

Musical score for measures 28-30. The score is written for piano and consists of three systems. The first system (measures 28-30) features a treble clef with a melodic line and a bass clef with a rhythmic accompaniment. The second system (measures 31-33) continues the melodic and accompaniment lines. The third system (measures 34-36) concludes the section with a final melodic phrase and accompaniment. The key signature has one sharp (F#) and the time signature is 4/4. Dynamics include *p* and *f*.

31

Musical score for measures 31-33. The score is written for piano and consists of three systems. The first system (measures 31-33) features a treble clef with a melodic line and a bass clef with a rhythmic accompaniment. The second system (measures 34-36) continues the melodic and accompaniment lines. The third system (measures 37-39) concludes the section with a final melodic phrase and accompaniment. The key signature has one sharp (F#) and the time signature is 4/4. Dynamics include *f* and *p*. A box labeled "V.S." is present in the second system.

34

Musical score for measures 34-36. The score is written for piano and features a complex texture with multiple voices. The right hand contains several staves with dense chordal textures and melodic lines. The left hand features a prominent bass line with a *ff* dynamic marking. The music is in a key with one sharp (F#) and a time signature of 3/4. Measure 34 starts with a circled number 34. Dynamics include *p* and *ff*. There are various articulation marks such as slurs and accents.

37

Musical score for measures 37-39. The score continues the complex texture from the previous system. The right hand features more intricate chordal patterns and melodic fragments. The left hand maintains a steady bass line. A circled number 37 is at the beginning of the system. Dynamics include *f*. There are various articulation marks such as slurs and accents.

40

Musical score for measures 40-42. The score continues the complex texture. The right hand features more intricate chordal patterns and melodic fragments. The left hand maintains a steady bass line. A circled number 40 is at the beginning of the system. Dynamics include *ff* and *p*. There are various articulation marks such as slurs and accents.

43

Musical score for measures 43-45. The right hand features a complex melodic line with many beamed notes and slurs. The left hand has a steady eighth-note accompaniment. Dynamic markings include *f* and *(p)*.

B

46

Musical score for measures 46-48. The right hand features a complex melodic line with many beamed notes and slurs. The left hand has a steady eighth-note accompaniment. Dynamic markings include *p* and *f*.

49

Musical score for measures 49-51. The right hand features a complex melodic line with many beamed notes and slurs. The left hand has a steady eighth-note accompaniment. Dynamic markings include *f* and *p*. A **V.S.** box is present in the right hand staff.

52

Musical score for measures 52-54. The score is written for three systems: Treble, Middle, and Bass. Measure 52 starts with a treble clef and a key signature of one sharp (F#). The right hand plays a complex chordal texture with many accidentals. The middle staff has a melodic line with a five-measure slur and a fermata. The left hand has a rhythmic accompaniment with dynamic markings *f* and *p*. Measure 53 continues the textures. Measure 54 ends with a fermata in the middle staff and a *p* dynamic in the left hand.

55

Musical score for measures 55-57. The score is written for three systems: Treble, Middle, and Bass. Measure 55 starts with a treble clef and a key signature of one flat (Bb). The right hand plays a complex chordal texture. The middle staff has a melodic line with a four-measure slur and a fermata. The left hand has a rhythmic accompaniment with dynamic markings *p* and *f*. Measure 56 continues the textures. Measure 57 ends with a fermata in the middle staff and a *f* dynamic in the left hand.

58

Musical score for measures 58-60. The score is written for three systems: Treble, Middle, and Bass. Measure 58 starts with a treble clef and a key signature of one flat (Bb). The right hand plays a complex chordal texture. The middle staff has a melodic line with a fermata. The left hand has a rhythmic accompaniment with dynamic markings *f* and *p*. Measure 59 continues the textures. Measure 60 ends with a fermata in the middle staff and a *p* dynamic in the left hand.

About the author

John Pitts is a British composer who lives in Bristol, England, with his wife and four children. He composes mostly chamber music, especially for piano, in styles perhaps best summarised as melodic, motoric, motif-driven, jazz-tinged, post-minimal impressionism. His piano duets have been performed at a number of music festivals in several European countries, Ukraine and the USA, including in March 2015 a concert dedicated to his music in Perpignan's "*Festival Prospective 22ème siècle*" by French duo Émilie Carcy and Matthieu Millischer.

His 2009 album *Intensely Pleasant Music: 7 Airs & Fantasias and other piano music by John Pitts*, performed by Steven Kings, was released to critical acclaim - receiving a 5 star review in Musical Opinion Magazine, several 4 star reviews including the Independent newspaper, with descriptions such as "*beautiful, moving and relaxing*", "*delicious*", "*lovely*", "*colossal... stunning and seriously impressive*", "*great character and emotional integrity*", "*exciting stuff all round... toes - prepare to tap.*"

John studied at Bristol and Manchester Universities, under composers Wyndham Thomas, Adrian Beaumont, Raymond Warren, Geoffrey Poole, John Casken, John Pickard and Robert Saxton, and briefly with Diana Burrell in a COMA Composer Mentor scheme. He won the 2003 Philharmonia Orchestra Martin Musical Scholarship Fund Composition Prize at the Royal Festival Hall in London, and two of his chamber pieces were shortlisted by the Society for the Promotion of New Music. He has also written music for four plays and two short operatic works – "*Crossed Wires*" (Huddersfield Contemporary Music Festival 1997), and "*Sliced Mice*" (commissioned by Five Brothers Pasta Sauces). He writes music for Christian worship, with two hymns on Naxos CDs recorded by his eldest brother composer Antony Pitts and Tonus Peregrinus, including one in Faber's The Naxos Book of Carols. In 2006 Choir & Organ magazine commissioned "*I will raise him up at the last day*" for their new music series.

John was the secretary of the Severnside Composers Alliance from its inception in 2003 until 2015, with a special interest in music for piano triet by living composers. His own first triet "*Are You Going?*" ("*a toccata boogie of unstoppable, unquenchable verve*" Jonathan Woolf, MusicWeb International) was premiered at the 2010 Kiev Chamber Music Session Festival by the Kiev Piano Duo (with Antony Baryshevkiy), for whom he wrote "*Gaelic Faram Jig*" for 2 pianos and 2 percussionists for the 2012 festival. John has conducted four Bristol Savoy Operatic Society productions, arranging *Pirates of Penzance*, *Gondoliers* and *Iolanthe* for small band. In January 2010 he became the Associate Conductor of the Bristol Millennium Orchestra.

In 1994 he spent a gap year in Pakistan, which led to a number of chamber pieces heavily influenced by Indian classical music, including "*Raag Gezellig*", a piano duet composed as the compulsory work for the Valberg International Piano 4 Hands Competition 2011, subsequently recorded by French duo Bohêmes (Aurélie Samani and Gabriela Ungureanu) and released by 1EqualMusic/Hyperion. Hearing that virtuosic Indian piano duet performed by a number of superb duos led to the desire to make Indian *raags* accessible to many more pianists, so please look out for his forthcoming book "How to Play Indian Sitar Raags on a Piano".

www.johnpitts.co.uk

Welcome to this collection of 5 duets and 2 triets.

These 7 piano pieces were written between 1995 and 2015 for performers in UK, France and Denmark. They have the connecting thread of each being inspired by music of a different country. Four of the pieces have roots in traditional music - Indonesian gamelan, North Indian sitar raags, African balaphon ensembles, and British folksong – and the other three were inspired by German organ music (J.S.Bach), American minimalism and Spanish waltz (although it doesn't sound like it!).

Between them, they have been performed in festivals, concerts and international piano duo competitions in UK, Spain, France, Netherlands, Germany, Austria, Poland, Denmark, Norway, Estonia, Russia, Ukraine, Armenia and USA.

Most of the pieces are cheerful, vibrantly rhythmic and highly energetic, as well as requiring considerable dexterity. Find out a little bit about each piece over the next few pages.

ONE

***"Changes for twenty nifty fingers"* (1995) duet 3 minutes**

This is the 'simplest' piece of the collection, and the oldest. I wrote it during my undergraduate years at Bristol University in response to a task set by my then composition tutor Wyndham Thomas. The given title "*Changes*" refers to the inspiration of the peeling of church bells – ringing the changes - where there is a simple ostinato pattern that undergoes a gradual metamorphosis. This piece starts with the skeleton of this short repeated phrase (in 14/8) which gradually fills out, and then moves through two enormously tricky sections of phasing - in which the two pianists have overlapping bars of different lengths (14 and 15 quavers). The duet finally builds to a dramatic climax in the third minute.

So, this is a short minimalist piece, ultimately with its technical roots in American minimalism, although the material was more immediately inspired by the piano style of my older brothers, in particular my eldest brother Antony's piano solo piece *Dance of the Redeemed Creation* - the style of which can be traced in many of my piano compositions.

Changes has been widely performed by the Kiev Piano Duo (Dmytro Tavanets and Oleksandra Zaytseva), and a recording (performed by Steven Kings and John Pitts) is available on CD "7 Airs & Fantasias and other piano music" from www.johnpitts.co.uk - or as a download from Hyperion/1equalmusic: www.hyperion-records.co.uk/dc.asp?dc=D_1EMIPM08

TWO

“Passacaglia” (2000-2012) duet 6 minutes

This piece also exists in versions for organ (my original version in 2000) and orchestra (performed by Bristol University Symphony Orchestra under the baton of John Pickard in 2001). The piano duet version was finally completed in 2012.

The theme is based on the ground bass from Bach’s stonking *Passacaglia in C minor* for organ. However, the implied harmonies of Bach’s original ground bass are treated to some “twisted harmonies” – where each chord is altered using a system of harmonic substitution - swapping each chord implication for a newly chosen one (Cm=C, Fm=F#, G=A, Dm=A_b, Eb=F and on it goes around the 12 chromatic notes).

Each key therefore has a ‘dominant’ and ‘subdominant’ that are not the actual chords V and IV in that key, so the traditional cadences and chord relationships are supplanted by 12 individual 3-chord relationships – one set of three chords for each of the 12 (now almost exclusively major) keys. In an attempt to recreate the pulls of the traditional tonic-dominant-subdominant relationships, each key then also has a particular mode/scale with particular added notes that are designed to recreate the sense of moving away from and back towards the home chord of that key. This results in a lot of rich added harmonies and some idiomatic voice-leading.

Bach’s original theme in Cm is:

C G - E_b F - G A_b - F G - D E_b - B C - F G - C,

and in the opening statement of the ground bass this has become:

C A - E F# - A B_b - F# A - D# E - C# C - F# A - C.

There are then 21 variations which modulate through a range of keys, during which the ground bass is constantly re-adjusted to fit the new harmonic areas. It starts in C major, then goes through ‘closely’ related keys (eg A major and A_b major), and then back to C in variations 6, 9 and 11. This kind of arch then happens again but going through more distant keys before returning to C in variations 18, 19 and the final climactic variation 21.

Leaving aside the structural and tonal nuts and bolts, my aim was to compose a piece that attempts to recapture some of the nobility and beauty of Bach’s *Passacaglia*, with rich added note harmonies, and exuding an exuberant joy.

THREE

“Raag Gezellig” (2011) duet 10 minutes

Raag Gezellig was composed at the request of French duo Mark Solé-Leris and Frédéric Chauvel as the compulsory contemporary work for the sixth International Piano 4 Hands Competition 2011 in Valberg, France. 'Gezellig' is a Dutch word with no precise English translation—the closest is probably 'cosy'—as in atmosphere (for example, with friends and a glass of wine around a fire). I've always liked the word and it seemed appropriate for an intimate piano duet. The piece becomes increasingly virtuosic—designed to test the professional duos' technical and musical skills to their limits—and stylistically draws heavily from the classical sitar *raag* (or *raga/rag*) tradition of Pakistan.

While *Raag Gezellig* is entirely through-composed, a traditional sitar *raag* is a semi-improvised form within a structure of three (or arguably four) sections:

- 1) the slow, pulseless *Alaap* introduction that gradually unveils the notes and melodic patterns of the raag over some low drone notes,
- 2) the pulsed, medium tempo *Jhor* section with its pre-composed melody (*gat*) that is interspersed with improvisations and variations, followed by a second *gat* at a faster tempo which leads into
- 3) the *Jhala* - the short, final section - very rhythmic and energetic with repeated high octave drone notes (the sitar's strummed *chikari* strings).

Raag Gezellig opens and closes with a gentle cascade, imitating a typical *raag*'s opening gesture - a descending glissando of the sitar's sympathetic strings. The rhythmically-free and quasi-improvised melody of the pulseless *Alaap* actually requires some rather complex-looking rhythmic notation - western notation is designed for music with a regular beat! The regular pulse and *tala* - a seven-beat rhythmic cycle - are introduced in the *Jhor* section, when you also hear the *gat* for the first time. One important feature is the *tihai* - where short phrases (of various lengths) are repeated three times before landing heavily on *sam* (beat 1 of the *tala*). There are numerous examples. The second *gat* is related to the first *gat* but with a faster tempo and different *tala* (seven quaver beats rather than seven crotchet beats). The final *Jhala*-inspired section gets going shortly afterwards at the same faster tempo.

Raag Gezellig has been widely performed in particular by French duo Bohèmes (Aurélie Samani and Gabriela Ungureanu) and recorded on their album “Harmonies d'un Soir” available from Hyperion/1equalmusic
www.hyperion-records.co.uk/dc.asp?dc=D_1EMHDUS

FOUR

"Joyful Balaphony" (2013) duet (prepared piano) 8 minutes

Joyful Balaphony was composed for French duo Émilie Carcy and Matthieu Millischer for a concert of duets/triets/quartets by John Pitts at Perpignan Conservatoire's "*Festival Prospective 22ème siècle*" 2015.

This duet was inspired by some traditional music from Burkina Faso in sub-saharan Africa - ensembles of balafons and djembes (hand-carved xylophones and drums).

The music is very percussive, obviously, with driving, pounding rhythms. Like a lot of other traditional musics, this african folk music is modal, and its timbres - the sounds - are both sweet and also unrefined.

There are some optional piano preparations which attempt to capture some of the exotic soundworld.

FIVE

"Glittering Gamelan" (2014) duet (prepared piano) 3 minutes

A short duet composed as an encore for Danish/British duo Ingrid Thorson and Julian Thurber for a concert in the 2014 Samsø Piano Festival, Denmark, which included three other duets in this collection.

It was inspired by a particular type of gamelan music from Indonesia - "Gamelan Balaganjur" - which translates as "Gamelan of Walking Warriors". This style of music has its historical origins in military music - music used in battle. These days it is performed in Indonesia in competitions by large bands of dancing musicians, with pitched and unpitched percussion. Their music is incredibly elaborate, and has very little repetition. It involves constantly changing speeds with layers of complex rhythmic gestures that require very impressive ensemble skill.

This duet is quite noisy, especially if you use the optional piano preparations.

SIX

“Are you going?” (1997) triet 5 minutes

This is somewhat minimalistic, and polyphonic between the three players. It includes a number of sections in which the tempo of one of the pianists gradually speeds up or slows down while the others keep a steady pulse. Like *Raag Gezellig* it is in 7 beats per bar, but unlike *Raag Gezellig* it is fast throughout. The theme is the English folk-melody *Are you going to Scarborough Fair*.

A studio recording (performed by Steven Kings, Daniella Acker and John Pitts) is available from Hyperion/1equalmusic
www.hyperion-records.co.uk/dc.asp?dc=D_1EMIPM08

The first concert performance was at the Kiev “Chamber Music Session” Festival 2010 by the Kiev Piano Duo (Oleksandra Zaytseva & Dmytro Tavanets) with Antony Baryshevkiy.

SEVEN

“Experiencing High Volumes” (2014) triet 6 minutes

Composed for the Severnside Composers Alliance’s second “Three is the Magic Number” concerts of contemporary piano triets at the Lantern, Colston Hall, Bristol in 2014, performed by Milena Zhivotovskaya, Rob Broomfield and John Pitts.

This is pleasant, relaxing armchair music, which doesn’t actually get particularly loud. I have Francisco Tárrega (1852-1909) to thank for a motif that recurs through the piece – a short section of his “*Gran Vals*”, which you may recognise. I have omitted the last note of the original melody, which is actually an octave down from a more familiar version you may know. Before this motif made its way into this piece I had considered a title along the lines of *Cycle of Thirds* for harmonic reasons which may be obvious. But I put that idea permanently on hold after trying to get through to a utilities company. In retrospect, I should have ensured that the end looped neatly back to the beginning (which sadly it doesn’t quite), so that I could attempt to sell a recording of this piece to businesses for their call waiting music.

Other sheet music available from www.johnpitts.co.uk

Gaelic Faram (Jig in Kiev) for 2 pianos and 2 percussionists

Designed as a companion piece for Bartok's famous sonata, written for the Kiev Piano Duo for the final concert of the Kiev "Chamber Music Session" Festival 2012. Revised 2016. This is a note-filled, virtuosic piece inspired by British folksong, and includes adaptations of the Dargason jig and the reel Mary Mack, and starts with an attempt to capture some of the ornamented and decorated melody lines typical of Scottish bagpipes.

7 Airs & Fantasias for solo piano (14 pieces)

Toccata "Blue Frenzy" for solo piano

An Autumn Evening for solo piano (3 movements)

A Winter Night for solo piano (3 movements)

Piano Quartet

Winning piece of the 2003 Philharmonia Orchestra Martin Musical Scholarship Fund Composition Prize at the Royal Festival Hall in London.

Typhoid for piano quartet

Shortlisted piece by the SPNM (Society for the Promotion of New Music) in its original form of Countertenor, Guitar, Violin, Cello, and subsequently performed at an SPNM AGM in its second form for Clarinet, Violin, Cello and Piano. Now in its third instrumentation!

Nuts & Bolts for piano, violin and percussion

Shortlisted piece by the SPNM (Society for the Promotion of New Music)

Cerebrations for string quartet

Reviews of album *Intensely Pleasant Music: 7 Airs & Fantasias and other piano music by John Pitts*

Robert Matthew-Walker, Musical Opinion Magazine

Andy Gill, The Independent

"A colossal musical project... stunning and seriously impressive"

John France, MusicWeb International

"Exciting stuff all round - vital, energising, but sensitive when need be. Toes - prepare to tap."

Jonathan Woolf, MusicWeb International

"Realmente un magnífico repertorio desbordante de calidad, belleza y de sumo interés."

Alejandro Clavijo, Reviews New Age

"The performances by Steven Kings are excellent ...

All [the pieces] are pleasing to hear and will be satisfying to play"

Patric Standford, Music & Vision Daily

"This is a colorful and interesting set by a talented composer....

The playing by Steven Kings is technically and emotionally perfect."

Oleg Ledeniov, MusicWeb International

Stephen Eddins, All Music Guide

"great character and emotional integrity...a thoroughly worthwhile project"

Mark Tanner, Piano Professional Magazine

"recomendable"

Adolfo del Brezo, OpusMusica.com (Spain)

"...surely more than just 'intensely pleasant music'."

Michael Darvell, ClassicalSource.com

Paul Riley, Venue Magazine

"...highly listenable stuff, very deftly in control of its chosen medium. A number of disparate influences are on display here, but welded into an overall idiom of considerable charm..."

'Intensely pleasant music'? Most certainly."

Calum MacDonald, International Record Review Magazine

9/10 "this album is beautiful, moving and relaxing"

Andy Whitehead, Cross Rhythms

www.johnpitts.co.uk
