

light tones (covered) - score for soloist

a building (calm)
two zithers
two or more ebows
4 tuning forks (notes d e f b)
4 glasses (that produce a note when bowed)
bow

*one zither is placed somewhere close to one side of the building, the other close to the opposite side of the building
2 tuning forks & 2 glasses are placed close to each of the remaining sides of the building
(based on a simple north, south, west & east reading of the building)*

*a recorder is placed inside the empty building
four windows are opened around the building
the performer presses record and goes outside
the performer slowly circles the building sounding the objects & instruments*

*the performer carries the bow & the ebows
the ebows are placed on the zither's strings
the tuning forks bowed
the glasses bowed*

the performance lasts
