For Bass Clarinet, Bassoon and Piano

Duration - 7 minutes

The Book of Density

Ian Willcock 1997

Notation

General

The score is notated using the normal transposition for the bass clarinet - i.e. it sounds a ninth lower than written.

Accidentals are:- \flat \sharp \natural \times $\flat\flat$ $\sharp\sharp$

Accidentals last for one bar - although, for the sake of clarity, most alterations are notated explicitly. Grace note accidentals do not affect subsequent notes. Accidentals in one hand of the piano part do not affect the part of the other hand.

 Indicates a continuous glissando, the slide commencing at the beginning of the first note and ending at the start of the second. Unless expressly indicated, there is no separate articulation of the second note; i.e. if it is a grace note, it only shows the pitch reached at the end of the slide. Articulations within a glissando are always indicated by explicit markings - 'bare' note stems are not articulated.

An arrow connecting timbre or other performance indications implies a smooth transition from the first condition to the second within the time subtended by the arrow. All performance indications (including dynamics) remain in force until an explicit change is made.

Bass Clarinet and Bassoon

 indicates a breath note. Where a trill is so notated, it should be performed (at least initially) wholly with breath tones. Where a glissando to, or from, a breath note is written, a timbral transition is required - from note to breath (or vice versa).

 this indicates a key click (with associated additional key resonances if appropriate). Unless indicated by an 'o' above a note, they should be performed 'closed' - i.e. with the reed in the mouth.

 indicates flutter tongue.

 indicates a multiphonic whose constituent pitches are not specified. An additional pitch is usually notated which forms the basis for any specified fingering alterations.

Alterations in the position of the reed (embouchure) are notated as follows :-

 towards the tip of the reed.

 towards the base of the reed.

Lip pressure variations are indicated by:-

 slightly relaxed lip pressure.

 relaxed lip pressure.

Piano

In the piano part, exact, immediate repetitions of chords are sometimes notated as bare note stems, giving only the required positioning and articulation to aid clarity.

 indicates a cluster of all notes between the top and bottom of the rectangular shape.

 indicates that the event takes place within the piano - directly upon the strings. Precise performance details are given in the score.

 indicates that some of the strings inside the piano should be damped with the flat of the hand. Full details are given in the score.

Performance

Unless expressly indicated, all playing should be absolutely without vibrato.

Glissandi should be performed so as to be as smooth and uniform as possible throughout any particular glissando. This may often require a combination of different performing techniques to achieve the best result.

The pianist should wear thin leather fingerless gloves to enable the performance of the glissandi. The precise path to be traversed within each piano glissando (i.e. 'white' notes, 'black' notes and transitions from one to the other) are indicated by stemless grace notes. A plastic plectrum (as used for an electric guitar) is also needed for passages such as that starting at Bar 82.

Grace notes should always be performed as rapidly as possible, taking into account any articulations indicated. Where a group of grace notes appears within normally notated notes (i.e. those with fully specified placements), the grace note group should be played so as to facilitate the precise performance of the first normal event after each group.

In the bass clarinet part, some attempt should be made to differentiate between passages marked as harmonics and multiphonics. Both are produced in a similar manner - but in the former case, the player should focus (as far as possible) upon the upper notated pitch, for multiphonics, a broader band of sound is required.

The Book of Density was commissioned by Trio Mobile and was first performed by them on 8th July 1997 at Das Holzbläser-Festival, Hamelner Lockruf, Hameln, Germany.

Bass

۱

A page of sheet music for piano, featuring two staves. The top staff uses a treble clef and the bottom staff uses a bass clef. The music includes various notes, rests, and dynamic markings like 'p' (piano) and 'f' (forte). A large, diagonal watermark reading "Preview File Only" is overlaid across the page.

Piano

A musical score page featuring four staves of music. The top staff uses a treble clef, the second staff a bass clef, and the third and fourth staves use a treble clef. Measure 1 starts with a whole note on the first staff. Measures 2 and 3 continue with notes on the first staff, followed by a measure on the second staff. Measure 4 concludes with a measure on the third staff. Measure 5 begins on the fourth staff with a measure consisting of two eighth notes. Measure 6 follows with a measure of two eighth notes. Measure 7 concludes with a measure of two eighth notes.

A musical score page featuring a staff with various notes and rests. The staff begins with a whole note followed by a half note, then a series of eighth and sixteenth notes. A large number '5' is positioned at the top right corner of the page.

85

Bass

10

During notes, scrape the plectrum very slowly along the sounding strings. The effect should be an almost continuous, aperiodic rasping interrupted by moments of harmonic resonance - which can be dwelt on.

Piano

A musical score excerpt for bassoon. It features a bass clef, a dotted half note with a vertical stroke through it, a fermata over a note, a sharp sign, a measure ending with a bar line, a bracket labeled '5' indicating a measure count, and a repeat sign.

122 *mf*

During notes, scrape the plectrum very slowly along the sounding strings.
The effect should be an almost continuous, aperiodic rasping interrupted by moments of harmonic resonance - which can be dwelt on.

The right hand should be pressed flat on the strings, covering all pitches in each chord. The effect should be of a violent, constricted attack without any resonance.

Musical score for B. Clar., Bass., and Piano. The score consists of three staves. The top staff is for B. Clar. (Bass Clarinet), the middle for Bass., and the bottom for Piano. The score is divided into measures by vertical bar lines. Measure 169 starts with a dynamic *sforzando* (*sfor.*). Measures 170-171 show a rhythmic pattern of eighth and sixteenth notes. Measures 172-173 continue this pattern. Measure 174 begins with a dynamic *pianissimo* (*pianiss.*) and ends with a dynamic *forte* (*fort.*). Measure 175 concludes the section. The piano part features sustained notes and chords throughout the section. The bass part provides harmonic support with sustained notes and rhythmic patterns. The B. Clar. part has a prominent role in the rhythmic drive of the piece.
